

Being members of the Society of St. Vincent de Paul means that we are blessed with the opportunity to do God's will by our service to His people in need.

Almost every day of the year, calls for help come into the parishes of the Archdiocese which have St. Vincent de Paul groups (Conferences). The caller might be a single mom or dad, a senior citizen or a young person who's just been laid off. Sometimes the request is as simple as food or clothing. Occasionally, it's more complex -- a payment on a utility bill or help with other expenses.

As Vincentian volunteers, we try to help with food, a clothing referral to a Thrift Store, a check to the utility company, aid in filling prescriptions or providing transportation assistance, gasoline vouchers or even a bus ticket. Whatever the need we try to be of help and to offer a sense of support and caring.
